# flavors FROM AROUND the neighborhood

## *Local Restaurant Row Partners Win Awards for Service Excellence*

Inviting local restaurateurs to serve their dishes at locations managed by Aramark Collegiate Hospitality is a tried-and-true strategy for adding variety, authenticity, and fun. At the same time, it is a great opportunity for those restaurants to reach new diners and supplement their revenue.

To that end, Aramark created a formal guest restaurant program called Local Restaurant Row to help connect restaurants—many of them minority-, women-, or veteran-owned—with Aramark students and staff at college campuses across the United States, including USF Tampa and St. Petersburg.

## *Coming to USF Sarasota-Manatee in fall of 2024!*

Dining expectations are changing. College students have heightened expectations for authentic local foods, variety, creative menus, and customization—all delivered in accordance with the highest food safety and quality standards. Our Local Restaurant Row program will connect the USF Sarasota-Manatee campus community with local restaurants from the area.

### **Our program will provide:**

- **Authentic Flavors and Connections**—Providing delicious food experiences delivered by neighborhood restaurants.
- **Inspired Menus and Stories**—Keeping exciting new flavors coming with exceptional menus and unique stories that embody our restaurant partner's passion for their craft.
- **Diverse Cuisines and Cultures**—Varied menus will reflect the diversity of different regions, cities, and communities of our restaurant partners. You will experience restaurant rotations ensuring that menus remain fresh and responsive to the campus community's desire for variety and great food.
